

Service learning – Values in Action

What is it?

- Addresses issues relevant to society.
- Encourages students to understand their service experiences in the context of underlying social issues.
- Allows students to transfer their knowledge and skills.

Components in VIA

Pre:

- Identifying the needs (Investigation)
- Planning (Preparation)

During:

- Monitoring (Action)

Post:

- Reflection
- Collecting evidence and results to share (Demonstration/Celebration)

SO WHAT?

NOW WHAT?

WHAT?

Components in VIA

- **What?**

What had happened? Take stock. Initial observations.

- **So What?**

What's the importance? Discuss the thinking, feelings and learning point?

- **Now What?**

What's next/ how best to channel this new knowledge to continued action.
